Personal Data Collection and Use

Our Privacy Policy, Employee Privacy Notice and Applicant Processing Notice describe the categories of EU Personal Data that we may receive in the U.S. as well as the purposes for which we use that EU Personal Data. We will only process EU Personal Data in ways that are compatible with the purpose that we collected it for, or for purposes the individual later authorizes. Before we use your EU Personal Data for a purpose that is materially different than the purpose we collected it for or that you later authorized, we will provide you with the opportunity to opt out. IDEXX maintains reasonable procedures to help ensure that EU Personal Data is reliable for its intended use, accurate, complete, and current.

Data Transfers to Third Parties

Third-Party Agents or Service Providers We may transfer EU Personal Data to our third-party agents or service providers who perform functions on our behalf as described in our Privacy Policy, Employee Privacy Notice and Applicant Processing Notice. Where required by the Privacy Shield, we enter into written agreements with those third-party agents and service providers requiring them to provide the same level of protection the Privacy Shield requires and limiting their use of the data to the specified services provided on our behalf. We take reasonable and appropriate steps to ensure that third-party agents and service providers process EU Personal Data in accordance with our Privacy Shield obligations and to stop and remediate any unauthorized processing.

Liability If a third party agent or service provider providing services on IDEXX's behalf processes EU personal data in a manner inconsistent with the Privacy Shield Principles, IDEXX will be liable unless we can prove that we are not responsible for the event giving rise to the damage.

Security

IDEXX maintains reasonable and appropriate security measures to protect EU Personal Data from loss, misuse, unauthorized access, disclosure, alteration or destruction taking due account of the nature of the data and the risks involved in the processing.

Access Rights

You have the right to access EU Personal Data that we hold about you and to request that we correct, amend, or delete it if it is inaccurate, or has been processed in violation of the Privacy Shield Principles, except where the burden or expense of providing access would be disproportionate to the risks to your privacy in the case in question, or where the rights of persons other than you would be violated.

If you would like to request access to, correction, amendment, or deletion of your EU Personal Data see the "**Contact us**" section later in this notice. We will respond to your access request within a reasonable time frame. We may request specific information from you to confirm your identity.
