## IDEXX Web PACS compatible

IDEXX-PACS 4.2 is compatible with IDEXX Web PACS, our next-generation cloud PACS solution.

With an IDEXX Web PACS subscription, your images are sent to the cloud automatically and become available on any internet device.

You'll find familiar tools and even more advanced features:

• Instant software upgrades

• Advanced measurement tools

• Unmatched collaboration and communication capabilities

To learn more or see a demonstration, contact an IDEXX Digital Radiography Specialist.
