PetDetect® ID Collars

The pet identification system that integrates with your existing software to print high-quality ID collars with the click of a button.

PetDetect Starter Kit

This starter kit includes the printer, USB cable, spacer, and one roll of PetDetect collar media.

PDPSK (USB)	\$449.95
PDPSK2 (USB and Ethernet)	\$574.00

PetDetect Collar Media

Recommended for use with the PetDetect ID printer. One roll contains approximately 160 1" x 6" collars—enough for 70 to 80 collars of average length. Collar media is available in standard and small animal widths, can be printed in 6", 12", 18", 24" or 30" lengths, and is available in a variety of colors.

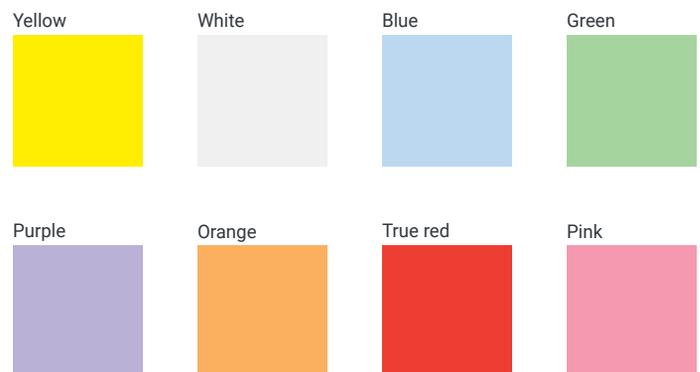

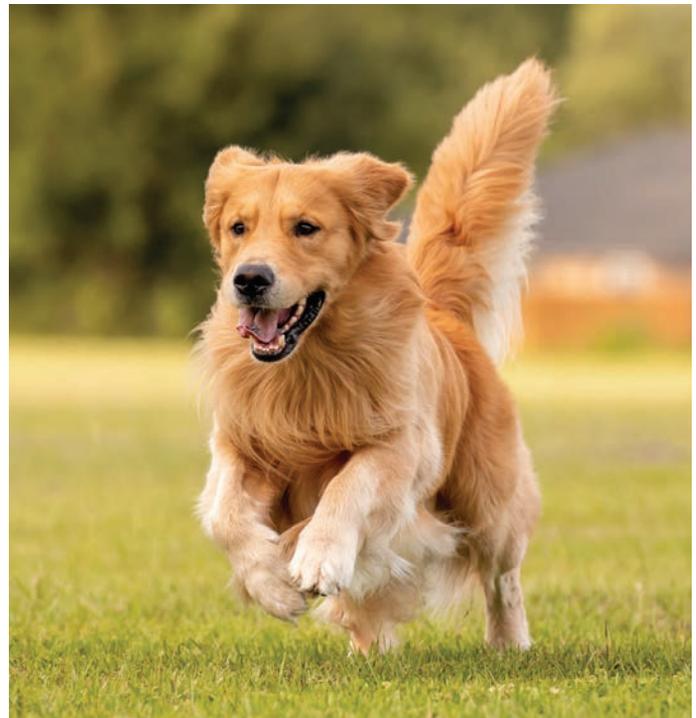

Standard Collar Media

PDCYL (Yellow)	\$29.99/roll
PDCWH (White)	\$29.99/roll
PDCBL (Blue)	\$29.99/roll
PDCGR (Green)	\$29.99/roll
PDCPL (Purple)	\$29.99/roll
PDCOR (Orange)	\$29.99/roll
PDCRD (True Red)	\$29.99/roll
PDCPK (Pink)	\$29.99/roll

Small Animal Collar Media

Center-perforated media can be split into two ½" collars.

PDCRDS (True Red)	\$29.99/roll
PDCWHS (White)	\$29.99/roll
PDCYLS (Yellow)	\$29.99/roll

Purchase one case (24 rolls) and save \$3.50 per roll. \$84 savings!

The PetDetect System works with these software systems:

IDEXX Cornerstone®, IDEXX Neo, IDEXX ezyVet, DVMAX 8.5 and higher, AVImark®, Gingr, Chameleon Software (HLP, Inc.), ClieTrax, ImproMed® Infinity, IntraVet® (Webster Veterinary), Kennel Link™, Kennel Connection (Blue Crystal Software), K9 Coordinator (K9 Bytes®), KennelSoft (Atlantis), Paw Partner, Pawloyalty, PetExec, PetLinx (Software Revolutions), PetTech Pro, and Shelter Pro.

Printer warranty is void if media other than PetDetect products are used, as that can cause abrasions on the printhead. IDEXX will not support the use of other media types in the PetDetect printer nor will we support third-party printers or third-party print drivers not purchased through IDEXX or our authorized PetDetect distributors.

Sympathy Card Inserts

SYMINS2

25 inserts (5" x 7")—\$24.99

Front: "I'm not there with you today but know that I haven't gone astray. I am the wind blowing through your hair and the warmth you feel in the air. When that smile creeps on your face, remember that I am in a good place. And when you're feeling sad and down, recall memories of me running around. You don't need to look low and high, just search way deep inside, and know that we'll never be apart for I have left my paw prints on your heart."

SYMINS1

25 inserts (5" x 7")—\$24.99

Front: Rainbow Bridge poem: When a beloved pet dies, it goes to the Rainbow Bridge. It makes friends with other animals and frolics over rolling hills and peaceful, lush meadows of green. Our pets do not thirst or hunger. The old and sick are made young once more; the maimed and the ill become healed and strong. They are as healthy and playful as we remember them in days gone by. Though happy and content, they still miss someone very special, someone they had to leave behind. Together, the animals chase and play, but the day comes when a pet will suddenly stop and look into the distance...Bright eyes intent, eager body quivering. Suddenly recognizing you, your pet bounds quickly across the green fields and into your embrace. You celebrate in joyous reunion. You will never again separate....

IDEXX Hardware Solutions

Is outdated equipment slowing your practice down? It's time to revolutionize the way you care for your patients.

Our advanced hardware solutions for IDEXX ezyVet, Neo and Cornerstone platforms are designed to optimize every aspect of your workflow, from appointment scheduling to patient diagnosis and treatment.

Save Time

With updated hardware technology, tasks such as patient check-ins, record-keeping, and diagnostic imaging can be completed faster, leading to a reduction in overall appointment times.

Increase Throughput

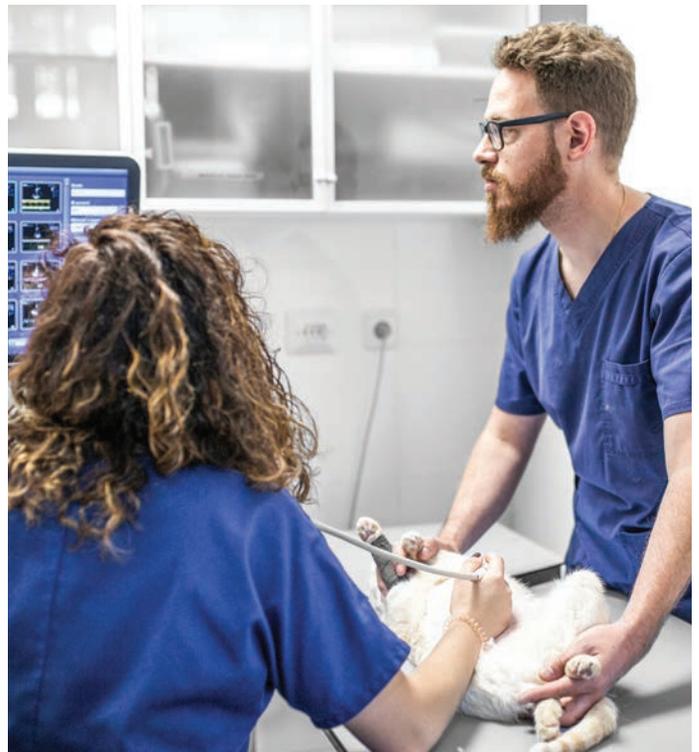

Faster equipment means more patients can be seen in a day without sacrificing quality of care.

Improved Diagnostic Accuracy

Modern diagnostic tools provide higher-resolution imaging and more precise measurements, leading to fewer misdiagnoses and more effective treatment plans.

Streamlined Workflow

Upgraded hardware often comes with integrated software solutions that automate tasks like scheduling, billing, and inventory management.

Enhanced Client Experience

Faster service and more accurate diagnoses lead to happier clients.

Staff Productivity

With intuitive and efficient hardware, staff members can focus more on patient care and less on troubleshooting or navigating clunky interfaces.
