

IDEXX Reference Laboratories

Liver pathology consultants

Zoltan Demeter, DVM, MS, PhD, DACVP

Anatomic Pathologist

Area(s) of interest: infectious diseases

Dr. Demeter obtained his DVM at the Faculty of Veterinary Medicine in Bucharest, Romania, in 2004. He pursued his interest in infectious diseases at the Doctoral School of Veterinary Sciences in Budapest, Hungary, in 2009. He taught in the pathology department of the Faculty of Veterinary Sciences in Budapest and then completed a residency in anatomic pathology at the University of Illinois. He is board certified in anatomic pathology by the American College of Veterinary Pathologists and has published 29 articles and received multiple awards, including the Scopus Young Scientist Award (2008) and the ACVP Young Investigator Award (2013). Dr. Demeter joined IDEXX in October 2014.

David M. Getzy, DVM, DACVP

Anatomic Pathologist

Area(s) of interest: anatomic, oncologic, eye, bone, liver/GI, avian and exotic/large animal/wildlife, endocrine, general surgical pathology, dermatopathology

Dr. Getzy received his DVM from The Ohio State University in 1987 and has served in the department of pathology, the diagnostic laboratories, and the cancer unit at Colorado State University. He has extensive experience in necropsy/gross anatomic pathology, and is board certified by the American College of Veterinary Pathologists. Dr. Getzy's interest in wildlife pathology, including exotic and fish pathology, has led him to work extensively with Colorado Parks and Wildlife, the U.S. Fish and Wildlife Service, the Denver Zoo, and other zoologic parks. He has been with IDEXX since 1996.

Carroll J. Jones, DVM, DACVP

Anatomic Pathologist

Area(s) of interest: avian and aquatic pathology, hematopoietic neoplasia, canine lymphoma

Dr. Jones graduated from the Tufts University School of Veterinary Medicine in 1984. After 4 years of private practice in small-animal medicine, she entered a pathology residency at the University of Pennsylvania. Following residency and her successful board certification, she worked at the veterinary diagnostic laboratory of the University of New Hampshire (UNH) for 10 years. She taught a variety of courses in UNH's animal science department, in addition to performing service diagnostic work in cytology and histopathology. During her last 5 years at UNH, she became involved in aquaculture research and poultry diagnostics. Dr. Jones joined IDEXX in January of 2000.

Lois Roth-Johnson^{*,†}, DVM, PhD, DACVP

Anatomic and Clinical Pathologist

Area(s) of interest: diagnostic pathology, gastrointestinal and liver disease, infectious diseases

Dr. Roth-Johnson began her veterinary career when she received her DVM from Cornell University. After completing a residency in anatomic pathology at Oklahoma State University, she returned to Cornell to earn her PhD. She then became board-certified in anatomic and clinical pathology. Dr. Roth-Johnson has served on the faculties at the Virginia-Maryland College of Veterinary Medicine and at the University of Florida. For 9 years, she was director of the clinical laboratory at Angell Memorial Animal Hospital.

Liver pathology consultants, *continued*

Steve Rushton[†], DVM, DACVP

Anatomic Pathologist

Area(s) of interest: anatomic pathology

Dr. Rushton attended Kansas State University and received his degree in 1993. He practiced in Chicago for 7 years at a small-animal private practice. In 2000, he began working at the North Carolina State Diagnostic Laboratory in Raleigh, North Carolina, where he still works full-time as a pathologist. In 2001, he began a residency in anatomic pathology at North Carolina State University College of Veterinary Medicine. Dr. Rushton was board-certified by the American College of Veterinary Pathology in 2006 and, a year later, began working for IDEXX as a contracting anatomic pathologist.
