IDEXX Web PACS software is easy to use all on its own, but if you want the nitty gritty, your best learning resources are right in the software.

**Online help**

Select > Help for detailed written instructions on all aspects of the IDEXX Web PACS software.

**Snippets and tutorials**

Are you a visual learner? Select > Education Resources for access to visual learning tools, like snippets and tutorials.

**On-screen instructions**

Instructions appear automatically for advanced tools like VHS templates.

If you’ve closed the instructions, click in the Style palette if you want to see them again.
