

IDEXX TELEMEDICINE CONSULTANTS

# Getting actionable advice isn't usually this easy.

**Accurate reports, available 24/7.**

IDEXX Telemedicine Consultants offers comprehensive diagnostic insights whenever you need them—so you can confidently deliver patient care. Whether you need radiology, cardiology, or other specialty services, our more than 160 board-certified specialists offer unmatched expertise. Our support continues beyond the report, with case follow-up, answers to your questions, and guidance on your treatment plans.

## 160+

board-certified  
specialists

Expertise in radiology,  
cardiology, exotics,  
dentistry, dermatology,  
and more.

## 100%

of reports monitored  
by quality system

Backed by IDEXX-only  
telemedicine quality  
guarantee.

## 100%

of reports include  
next steps

Take action with clear  
conclusions and  
recommendations in  
every report.

## 24/7

service  
and support

Our full-service team  
is available all day,  
every day.

## It's like having 160+ specialists on staff.

Access the world's largest telespecialist network for accurate and actionable reports—anytime, day or night. Get results in as little as 60 minutes, with every report peer-reviewed and monitored by quality assurance systems. Our user-friendly platform works smoothly with your existing software, giving you specialist expertise without adding staff.

CREATING CLARITY

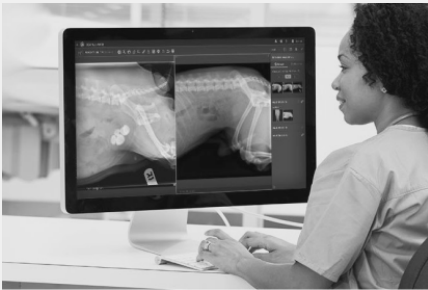

## Smarter tools for smoother workflows.

To complement our network of specialists, we also offer a suite of tools to help you take action quickly. Submit scans securely via IDEXX Web PACS™ Software, and connect seamlessly with IDEXX telemedicine specialists through our VetMedStat® platform. Our AI-enabled case submission workflow ensures that our specialists have everything they need to deliver accurate and actionable recommendations, every time.

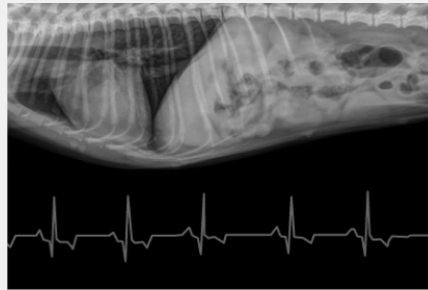

## Multiple disciplines from a single source.
